Dear Seann,

I wanted to thank you and your staff for the excellent work performed on my property. The 2 retaining walls built by Fuller Landscaping were started on time, finished on time, and the final price was as quoted. Our yard was cleaned and returned to it's original condition.

We are more than pleased with the quality of the workmanship and the professionalism of the workers. We would highly recommend you to anyone looking for landscaping work and as we discussed will be looking to you again in the near future for more work.

Thanks again for the excellent work!

Al & Lynn
